### Paris admits Nice attack was a false flag operation

Posted on [July 23, 2016](#) | [19 Comments](#)

French newspaper *Le Figaro* has reported that France's anti-terrorist executive (sous-direction anti-terroriste-SDAT) has ordered Nice's urban surveillance authorities to destroy all CCTV footage of the Nice Attacks on [Bastille Day](#) on the 14th of July 2016 that killed 84 people and injured another 100.

The French government claims it wants to prevent ISIS, a [US and Israeli creation](#), from gaining access to videos of the attacks for the purposes of propaganda. They also claim that the destruction of evidence is intended to protect the families of the victims.

Nice authorities have turned down the request.

Now, here is my 'conspiracy theory'. Israel-based [Nice System](#) operates all the 5,000 CCTV cameras in several French cities including Nice. The company was founded in 1986. Its current CEO is Barak Eilam.

Numerous photos available in the British media show no blood in the street, no blood on the white truck, and no damage to the truck (see photo below) that allegedly has impacted 186 people. The police are shown standing exposed to gun fire a few feet from the truck cab firing into the cab that allegedly contained an armed person. Police do not take this kind of needless risk when confronting an armed suspect ([here](#)).

The dude Richard Gutjahr, who filmed the Nice carnage, is a German Zionist Christian who studied in Germany, France and United States. He is married to former Israeli Mossad agent and Knesset member Lieutnant Dr. Einat Wilf. She is a senior fellow with the *Jewish People Policy Institute*, an adjunct fellow at the *Washington Institute for Near East Policy (WINEP)*, and a roving global ambassador for *Israel Hasbara Committee*.

Most of the so-called "victims or missing" people were found alive later including the "Tunisian truck driver" Mohammed Lahouij-Bouhlel, Adamara Ajuzie, John Torsrud and his wife Heidi Niederer, Dylan Barbonia, and two Jewish sisters who now claim they're only hurt during the attack.

On July 15, American Jewish writer, author, and radio-talk-show host Steve Lendman [refused to believe French official story](#). Peter Koenig, an economist and geopolitical analyst has also called Nice terror attack, a [false flag operation](#).

### 19 RESPONSES TO “PARIS ADMITS NICE ATTACK WAS A FALSE FLAG OPERATION”

“The French government claims it wants to prevent ISIS, a US and Israeli creation to videos of the attacks for the purposes of propaganda.”

I fully understand this. Nevertheless I cannot help being dismayed by this under distrust in the recognized skills of famous intelligence agent Rita Katz.

Hasn't she always obtained the ISIS videos before ISIS were able to post them through her, as we do, to get them and either suppress them or, better yet, release them in a format for the viewing of the general public as always?

As a long-time admirer of her work I am puzzled. I understand accidents, like the attack on the Pentagon on 9/11, but not this. Why don't the French ask for our assistance? Surrender monkeys are behind the curve. This will only give grist to the mill of thought that the Nice attack was not kosher. Which, of course it was.

I guess all of the panic-stricken people on the streets of Nice were all in on it too....LOL.

What a Stupid thing to say. False Flag operations called operations Gladios have been used throughout History by many different cultures. Why don't you google Operation Gladio, USS LIBERTY, LAVON, AFFAIR, ISRAEL DID 9/11, BOMBING OF KING DAVID HOTEL, OPERATION NORTHWOODS.

The French people were having massive protests and riots. Something like this would deter them from going against their Gov which they are.

Operation Gladios are always done for a political agenda.

EDUCATE YOURSELF stop believing anything the regular media tells you.

Because you LOSE. Did you know US gives Israel your tax money? soon to be 4.5 billion a year YOUR money fund FREE education and FREE healthcare for the Israelis. Also ILLEGAL settlements that violate international law. While they foreclose houses here in the US. They build beautiful ones for Israelis in violation of international and US laws.

Are you stupid you don't care the gov put another country and its people first and YOU fund it.

LOL....Also READ THE TALMUD.

The meaning of “False Flag” is to get people to look in different directions than of the organizer. So it is most of the times a mixed event of real dead people, crisis actors and contradictory planted events for disinformation. “False Flags” are a war on peoples minds that make them afraid and disoriented and thus weak, or just looking in the wrong direction.

The Munich's central station shooting on July 22 was also filmed by Richard Gutjahr according to his blog. The 17-year-old shooter of Iranian descent was shot and killed by police which later claimed the boy committed suicide and had no link with any of known “Islamic terrorist” groups.

political reason. The murdering of those people actually happened. Who did it or Mossad. Like 9/11 USS LIBERTY LAVON AFFAIR. WHY? the French were labour laws that are imposed by their Zionist puppet President. Something like that could be done to scare them into any more protests and r operation Gladio is not a staged event it is murder for an agenda blaming and

No damage to the truck?? It is completely fucked!

My daughter and boyfriend were there on Le Promenade Des Anglais and had to run for their lives from the very real threat of being crushed. I am afraid Rehmat you are one deluded individual who obviously views all such incidents through your own hate filled agenda. I am not defending Israel as I also detest the actions of that regime. I am just saying you need help to resolve some of your issues.

**rehmat1** | [July 25, 2016 at 12:57 pm](#) | [Reply](#)

I'm sorry to hear your daughter couldn't enjoy sex out of marriage on that day. But, I guess you never heard of planes, drones, etc. flown by remote controls? If it could be done – how difficult it would be to drive a truck with a remote control?

Please don't squeeze your little brain for such a big discovery.

This is not how to respond to peoples scepticism about your point if view, are wrong, and goberre is right. But think about what you write. Also, what has marriage to do with anything?

**rehmati** | [July 25, 2016 at 6:27 pm](#) |

@Victor Garvang – I know in the West it is customary to test opposite par marriage – but this pagan practice is forbidden in all major religion before as Judaism, Christianity, Hinduism, Buddhism and Sikhism.

My answer to the commenter wouldn't be different if he/she tried to prove Israel Wikipedia.

Your goberre proved himself a Zionist troll when he responded my commere Talmudic word, F\*\*K to address me. This word is common in the West like the FREE SEX, but not on this blog.

A false Falg does not mean it did not happened. False Flag or operation Gladios means it was done for an agenda in this case maybe to deter the French for the massive protests they have been doing against the labor laws inposed by the Zionist puppet President they have. But the act is real and the Zionists do it with no remorse just read THE TALMUD.

There is NO punishment for killing “goyim”. If a Jews kills a non-jew is nothing and he should NOT be punished according to Talmudic beliefs.

rehmati, I was reasoning what you made of this issue, and have been wondering myself why there are no bullet holes in the drivers side of the windscreen. I wouldn't think the French are such bad shots. Then i read your reply to goberre. A totally belittling, nasty, unnecessary comment to make. You may have a point to make re the false flag on this incident. And it may have had some credibility, but not after how you dealt with a comment made in good faith.
